

Mix Fun With Purpose

Most units do not intentionally add FUN to the agenda. Although much laughter spontaneously occurs, FUN could be the element that attracts new members, retains all members, and entices younger members. Our MRTA units seem to MEET AND GREET, THEN **EAT!** Unit presidents shared many good ideas, but overall, we probably need to shake things up. We're looking for activities that entertain, not make the meeting longer. My conclusion: we need to appoint a Minister or Chair of Fun for each unit. I'd be happy to share some ideas.
